Why Select this Topic for Research?

- ❖ My interest in Pawling, NY and Dutchess County started when my family and I built a home and moved there from NYC in 2002.
- ❖ I researched the regions history and, luckily for me, longtime Pawling resident and Empire State Postal History Society member Drew Nicholson lived a few miles away.
- ❖ I started to accumulate and research postal history (stampless, stamped), post cards, postal cards, postal stationery, Victorian trade cards, railroad tickets, newspapers, hotel paraphernalia, etc. – all from the village, town, hamlets and neighborhoods.
- ❖ A sub-collection grew to include Bank Checks, Promissory Notes, Bank Tags, Fractional & Federal Currency and other Ephemera.
- ❖ What follows is the story of Banking in the Village and Town of Pawling from 1849 to 1929 through these paper artifacts.
