A D D E N D U M

Cancellations of firms whose names are believed to be correct, furnished by C. H. Chappell, the records of the Franklin S. Smith collection, and others, which are not included in Mr. Chappell's original list, as set forth on previous pages.

The abbreviations used are as follows: For separation: " R " roulette-- "HH" hyphen hole. Type of cancellation: " Ptd. " printed- " H/S " handstamp- " pen " pen or pencil, cancel or date.

This is primarily a listing of printed cancellations, but some companies used handstamped ones as well covering many dates and values. A listing of these would be too great to include for each company, so I am stating what values and what years a certain handstamped cancel type covers, except when the cancel is on one or two values and there are but a few dates. A complete listing of these handstamped cancels should be included for the companies using them, when the time comes for rewriting the entire group of companies that Mr. Chappell covered as well as for the companies hereafter, following.

N O T I C E

In the 25 August 1956
issue of WEEKLY PHIL-
ATELIC GOSSIP, Mr.
Chappell had an article
listing the names of the
firms and individuals
known to him, who had
printed cancellations on
the 1898 Proprietary
Revenue stamps.

I have had to disagree
with his conclusions on
two of these cancels, as
I do not feel they are
printed, and so have not
included them herein.

These are:

I have not been able to
locate cancellations of
two firms Mr. Chappell
added, so they too are not
included herein. They are:
