

PSLC Stamp Collecting Chat on October 28, 2026

Moderated by Rob Sternberg

At our October 28, 2026, Zoom meeting, I will moderate “An open discussion about philately and stamp collecting: how do you do it, what do you want to share about it, and what do you want to know about it?”

I consider myself an intermediate collector. There are aspects of philately/stamp collecting I know something about, but so many about which I am under-informed. And although I have been a member of the PSLC for six years, there is so much I don't know (or remember) about the rest of you and your philatelic interests.

What would you like to discuss during this chat, either things you know, or things you want to know? Ahead of the meeting, feel free to endorse any ideas below, or add some ideas of your own by contacting me (rs_sternberg@yahoo.com; text at +1 (717) 917-6314). Knowing of your interest prior to the meeting will move your item towards the top of the list.

1. What do you collect, and why?
2. How do you buy, archive, and share your collections?
3. What resources (people, books, magazines, web pages, and social media) do you find useful?
4. What would you recommend that collectors (especially new ones) do and/or not do?
5. Are you a generalist or a specialist, and how does that affect your collecting?
6. Is worldwide collecting still feasible?
7. When did you stop any part of your collecting, and why? What did you do with your collection?
8. What do you like about the PSLC? What would you change?

I think this will work better as just a discussion, but if you have an image that you would like to share during the Zoom meeting, we could do that.
